SSP Goals Targets and KIS

| | |
|--|--|
| Goal 1 | <p>2022 Priorities Goal Some of our students have thrived in the remote learning environment, others have maintained their learning progress, and some need extra learning and wellbeing support despite the best efforts of their teachers and families. In 2022 we will continue to focus on student learning - with an increased focus on numeracy - and student wellbeing through the 2022 Priorities Goal, a learning Key Improvement Strategy and a wellbeing Key Improvement Strategy. We will teach and support each student at their point of need and in line with FISO.</p> |
| Target 1.1 | Support for the 2022 Priorities |
| Key Improvement Strategy 1.a Priority 2022 Dimension | Learning - Support both those who need extra support and those who have thrived to continue to extend their learning, especially in numeracy |
| Key Improvement Strategy 1.b Priority 2022 Dimension | Wellbeing - Effectively mobilise available resources to support students' wellbeing and mental health, especially the most vulnerable |
| Goal 2 | To improve student learning outcomes for every student in literacy and numeracy. |
| Target 2.1 | <p>By 2025 increase the percentage of students in Years 3 and 5 achieving in the top 2 NAPLAN bands for the domains of:</p> <p>Year 3</p> <ul style="list-style-type: none"> • Reading from 35 per cent (2021) to 50 per cent. (target % is similar school) • Writing from 35 per cent (2021) to 50 per cent • Numeracy from 17 per cent (2021) to 30 per cent <p>Year 5</p> <ul style="list-style-type: none"> • Reading from 21 per cent (2021) to 35 per cent (target % is similar school) • Writing from 13 per cent (2021) to 25 per cent |

| | |
|-------------------|--|
| | <ul style="list-style-type: none"> • Numeracy from 12 per cent (2021) to 23 per cent |
| Target 2.2 | <p>By 2025 the percentage of Year 5 students assessed as ‘above’ benchmark growth in NAPLAN to be:</p> <p>Year 5</p> <ul style="list-style-type: none"> • Reading from 34 per cent (2021) to 40 per cent or higher • Writing from 19 per cent (2021) to 30 per cent or higher • Numeracy from 17 per cent (2021) to 30 per cent or higher |
| Target 2.3 | <p>By 2025, the percentage of Year F-6 students assessed as being at or above age expected level on Victorian Curriculum Levels F-10 will increase:</p> <p>English</p> <ul style="list-style-type: none"> • Reading from 70 per cent in 2020 to 80 per cent. • Speaking and Listening from 71 per cent in 2020 to 85 per cent • Writing from 65 per cent in 2020 to 72 per cent <p>Mathematics</p> <ul style="list-style-type: none"> • Number and Algebra from 75 per cent in 2020 to 85 per cent • Measurement and Geometry 74 per cent in 2020 to 85 per cent • Statistics and Probability 81 per cent in 2020 to 85 per cent |

| Explain why the school has selected this KIS as a focus for this year. Please make reference to the self-evaluation, relevant school data, the progress against School Strategic Plan (SSP) goals, targets, and the diagnosis of issues requiring particular attention. | <p>An analysis of the school's NAPLAN data was limited for both the top two bands or benchmark growth due to no NAPLAN being conducted in 2020, and the school having no available data prior to 2019. The results in 2021 indicated both Year 3 and Year 5 students performed at a significantly lower level than results for similar schools with similar characteristics. Additionally, the school's teacher judgement data was only available from 2019–2020, and results indicated achievement and growth was lower than state measures and the Panel suggested using benchmark data from similar schools to set targets for the new SSP. The Panel suggested an increased focus to improve both these measures should be included in the SSP.</p> <p>We have developed and implemented a whole school instructional literacy model, however the review Panel found the model was not routinely used in all classrooms or universally understood by all teachers. The Panel suggested the inconsistent understanding and application of aspects of the teaching model, limited support for students in thinking deeply about their learning. The Panel also found that teachers' understanding about the broad span of components required to successfully</p> | |

|-----------------------------------|--|
| | <p>assess and teach student writing was varied. Fieldwork, noted that moderation of student writing was emerging practice, and not always routinely scheduled or consistently implemented across teams.</p> <p>The Panel agreed these were barriers to achieving the target, impacting the breadth and depth of effective differentiation and student engagement in writing. The Panel also suggested inconsistent levels of understanding for key school initiatives perhaps contributed to high percentages of respondents indicating a neutral response on the School Staff Survey (SSS).</p> <p>An analysis of the school's structures and processes to enable students to be confident and motivated learners, identified feedback and reflection strategies to support students, were inconsistently understood and implemented across the school, and the Panel considered this as an area of future focus. Available data was limited however Panel discussion identified that differentiation needed to be more clearly understood and implemented in more depth. An inquiry into practices to support the development of strategies aimed at teaching to each student's point of need, to enable increased student agency were also identified as priority foci for the new SSP.</p> |

| <p>Explain why the school has selected this KIS as a focus for this year. Please make reference to the self-evaluation, relevant school data, the progress against School Strategic Plan (SSP) goals, targets, and the diagnosis of issues requiring particular attention.</p> | <p>The school has a range of wellbeing initiatives that have introduced to help build a respectful school culture. Whole school agreements and expectations for behaviour are evident and implemented across the school. A range of strategies designed to guide students in conflict resolution are also integrated into the behaviour framework. Students use consistent language when discussing behavioural expectations and are building their knowledge of understanding the processes for safe and respectful behaviour. The Panel noted, at times the consistency of implementation of the behaviour framework varied between teachers and this was echoed by ES staff who noted that not all classes adhered to the behavioural expectations in the same manner. However, the Panel agreed the regular teaching of appropriate behaviours linked to the school values contributed to a positive approach to wellbeing. The Panel suggested there was scope to expand the framework in order to reinforce and embed the school's behavioural and wellbeing expectations.</p> <p>During the school review the Panel discussion identified whilst the school placed high importance on continuing the strong focus on building partnerships with parents and carers to deepen and develop sustainable and respectful relationships, rapid growing enrolments necessitated a whole school wellbeing approach was embedded and clearly understood. The Panel suggested strengthening the wellbeing approach would assist the school in the continuing the work to date. Data analysis revealed student absences increased each year for both absences per student per day and those students with more than 20 days absent across the year, warranting a priority focus for the new SSP.</p> | |

| <p>Goal 1</p> | <p>2022 Priorities Goal Some of our students have thrived in the remote learning environment, others have maintained their learning progress, and some need extra learning and wellbeing support despite the best efforts of their teachers and families. In 2022 we will continue to focus on student learning - with an increased focus on numeracy - and student wellbeing through the 2022 Priorities Goal, a learning Key Improvement Strategy and a wellbeing Key Improvement Strategy. We will teach and support each student at their point of need and in line with FISO.</p> |
| <p>12 Month Target 1.1</p> | <p>Increase the percentage of students in Years 3 and 5 achieving in the top 2 NAPLAN bands to: Year 3 - Numeracy to 20% Year 5 - Numeracy to 15%</p> <p>Increase the percentage of Year 5 students assessed as 'above' benchmark growth in NAPLAN to: Year 5 - Numeracy to 20% or higher</p> <p>Increase the percentage of Year F-6 students assessed as being at or above age expected level on Victorian Curriculum Levels F-10 to: Mathematics - Number and Algebra to 78% - Measurement and Geometry to 77% - Statistics and Probability to 83%</p> <p>Improve the percentage of positive endorsement on SSS School Climate module: - Academic Emphasis to 38% - Collective Efficacy to 40% - Teacher Collaboration to 33%</p> |
| <p>KIS 1 Priority 2022 Dimension</p> | <p>Learning - Support both those who need extra support and those who have thrived to continue to extend their learning, especially in numeracy</p> |

| | |
|---------------------------|---|
| Actions | Develop whole school understanding of the Mathematics Victorian Curriculum Develop whole school understanding of our numeracy instructional model Develop whole school approach to the use of manipulatives |
| Outcomes | <p>Students</p> <ul style="list-style-type: none"> - articulate the typical numeracy lesson structure - work productively and understand their role in achieving their goals - monitor their progress and provide evidence (with teacher support) towards meeting their goals - value and understand the goal setting cycle and how it improves their learning <p>Teachers</p> <ul style="list-style-type: none"> - demonstrate knowledge of student numeracy progression outlined in the Victorian Curriculum - use scope and sequence documents to guide planning - consistently implement the numeracy instructional model - support students to set learning goals, model strategies and provide feedback to students - regularly use data to plan for learning - consistent implementation of the assessment schedule and protocols <p>Leaders</p> <ul style="list-style-type: none"> - facilitate professional learning and planning focusing on development of scope and sequence for numeracy - refine and update the numeracy instructional model based on our Numeracy Community of Practice - support all staff to apply the numeracy instructional model by prioritising time for planning, coaching, peer observation and providing professional learning opportunities |
| Success Indicators | <p>Early Indicators</p> <ul style="list-style-type: none"> - meeting schedule prioritises numeracy professional learning with all teachers - planning documents reflect improved consistency of the lesson structure and scope and sequence - Compass and cohort spreadsheets are updated according to assessment schedule <p>Late Indicators</p> <ul style="list-style-type: none"> - observations and notes from learning walks and coaching conversations - termly and weekly planners reflect instructional model and make reference to Victorian Curriculum - student records of their goal and evidence to support learning towards the goal - benchmarking data is easily accessible and used for transition - teacher judgement and NAPLAN data reflect annual targets |
